reservations recommended.
Departs Curtis Merritt Harbor

Come explore the waters surrounding Chincoteague and Assateague Islands with a half-day fishing charter or scenic cruise.

Capt. Mac is a native Islander and has been sailing these waters for most of his life. He spent his teenage summers as a mate on many Chincoteague Offshore Charter Boats and has commercially fished and clammed these waters also.

He retired after 36 years with NOAA as a weather specialist to pursue his lifelong dream as a Charter Boat Captain. He holds a Master's License in this capacity.

He has strong ties to these islands and waters. His great-grandfather was a waterman & market hunter. His grandfather a life-long Coast Guardsman. Come enjoy nature at it's best with a fun filled fishing trip or a relaxing and informative nature & scenic cruise.
